DR. STONER'S

Dr. Stoner's Herb Infused Botanical CBD Tinctures, designed to deliver high quality CBD and Full Spectrum Phytocannabinoid rich products in flavorful doses. The liquid subcritical CO2 extraction process excludes undesirable plant parts, fats, and lipids. This also minimizes the degradation of plant materials. The tinctures are designed for sublingual consumption or as a flavorful drink additive. Our CBD is sonicated to enhance potency, not leave oily rims or droplets.
